chocoMe Wins Silver Medal at the International Chocolate Awards World Finals in Florence

Hungarian **chocoMe**, globally renowned for its legendary chocolate creations, has brought home yet another international recognition, this time from the world finals of the International Chocolate Awards held in Florence, Italy. This is one of the highest ranking accolades in the industry, and the most prestigious one awarded to chocoMe yet.

chocoMe's new product for 2018, which had won Gold Medal at the Eastern European leg of the ICA competition, received further recognition at the exclusive awards ceremony held on 17 November, 2018. In what was an exceptionally strong international field of contestants, the dessert made with hazelnut from Piemonte achieved amazing success in the category of milk chocolate filled desserts, a traditional forte of Italian chocolatiers.

The chocoMe product awarded at the world finals of the 2018 International Chocolate Awards:

Petit 21 - PT21003 - 110g

Bite-sized milk chocolate squares with Piemonte hazelnut praline and Ethiopian Harrar coffee filling

The grand event, attended by everyone who matters in the industry, from the best known international food critics to Sicilian celebrity chef Corrado Assenza who was responsible for the gala dinner, was a significant milestone for chocoMe, as were the newest accolades. As always, being recognised as one of the best in the world motivates the Hungarian manufactory to dream up more premium products, and create exclusive, yet affordable chocolate dreams.

The entire range of award winning chocoMe chocolate products is available for overview and purchase at:
